

FIRE ESCAPE CHECKLIST

Here's a handy checklist to help you remember your fire escape plan!
Stick it on the fridge so you never forget how to keep your family safe.

A diagram of a house with multiple rooms and staircases. The checklist items are placed in different rooms, with a small cartoon fire helmet character appearing in one of the rooms.

- Regularly test if your smoke alarms are working.
- Find at least two escape routes for each room.
- Keep keys by doors or windows.
- Discuss who will help who in a real fire.
- Practise crawling low to avoid smoke and heat.
- Organise a safe meeting place.
- Who will call Triple Zero (000)?
- Practise and keep practising your escape plan!
